

WEATHER WATCH

OUTLOOK FOR NAPA & SONOMA COUNTY VALLEYS

NAPA VALLEY - ALEXANDER VALLEY - SONOMA VALLEY - LOWER RUSSIAN RIVER VALLEY

PREPARED BY METEOROLOGIST ERIK MOLDSTAD

Friday - November 2, 2007 from Precision Forecasting (800)-624-0499

SUMMARY / DISCUSSION.... Good Morning... Skies remained clear overnight allowing temperatures in the valleys to drop into the upper 30's to mid 40's this morning. In the foothills temperatures are much milder this morning with most readings in the 50's to lower 60's. Sunny skies and warm conditions will prevail today through Sunday with chilly nighttime temperatures on the valley floors. Nice weather should continue early next week with some precipitation possible later in the week when the storm track sags southward a bit..... Erik

Chance of Rain	10%	30%	30%	10%	10%

LONG RANGE 30 DAY OUTLOOK Through the month of November

Some periods of unsettled weather are likely during the middle to latter part of November. However, overall precipitation amounts will likely remain below average with temperatures near seasonal averages.

SEASONAL OUTLOOK – December and January

La Nina conditions in the Pacific Ocean are expected to continue through the period. This usually results in near average temperatures and below average rainfall amounts.

Average November Temperatures: 63 to 66 degrees / 38 to 43 degrees Rainfall: 3.10 to 6.15"
