

AG-WEATHER FORECAST

OUTLOOK FOR THE SOUTH CENTRAL COAST

San Luis Obispo - Santa Maria Valley – Los Alamos – Santa Ynez Valley
 Wednesday - November 14, 2012 from Precision Forecasting (800)-624-0499

SUMMARY / DISCUSSION.... Prepared by meteorologist Erik Moldstad Good Morning... Weak high pressure over the region will keep our weather dry and pleasant through tomorrow along the South Central Coast. Temperatures will be quite warm again today as an off shore flow continues. An upper level trough off shore is expected to move over our area Friday through early next week sending a few weather systems inland. Most of the moisture with these systems will remain north of us but some light precipitation is likely along the South Central Coast. The storm track should drift northward next week bringing a return to dry and milder weather for a while.... Erik

SPECIFIC LOCATION TEMPERATURES

Location	Yesterday	AM	Today	Tomorrow
San Luis Obispo	83 / 42 / 0.00"	41	80 / 44	73 / 53
Edna Ranch	83 / 32 / 0.00"	31	80 / 39	73 / 50
Santa Maria	79 / 37 / 0.00"	43	77 / 42	74 / 51
Sisquoc	79 / 36 / 0.00"	--	77 / 41	74 / 49
Lompoc	75 / 37 / 0.00"	41	73 / 41	73 / 50
Santa Ynez	82 / 34 / 0.00"	37	80 / 40	75 / 48
